### Cuyamaca College – LRC Vegetation Trimming

**When:** Monday 10/30 7:00AM

**Where:** Bldg. C Library Exterior Spaces

West Coast Arborists (WCA) will be trimming overgrown vegetation / trees around the LRC on Monday morning.

WCA will provide barriers and flagmen to direct pedestrian traffic around the areas being trimmed back. This work is expected to require a boom truck and trailer chipper to complete.

Please be aware of the tree trimming operation and avoid walking in the barricaded areas.

Thank You
